REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art does not show or fairly suggest the claimed invention of a catadioptric imaging optical system having the claimed structure and claimed limitations, wherein a rejection under 35 USC 102 or 103 would be improper. Please particularly note the reasons for allowance given in office action mailed on 2-18-2004, in paragraph 9. Therefore, the claimed invention is considered to be in condition for allowance as being novel and nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Priority

2. Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d). The certified copy has been filed in parent Application No. 08/429,970, filed on 4-27-95.

Terminal Disclaimer

3. The terminal disclaimer filed on 8-7-2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent 5,808,805 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reissue Applications

4. The original patent has been received for this reissue application and is now allowed. See 37 CFR 1.178.

5. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) has been received for this reissue application and can now be allowed.
